

PeriFerry's REVIVE: Upskill & Employ

- REVIVE is PeriFerry's in-house corporate training program that aims to create the next generation of doers, leaders and visionaries from the transgender community.
- Through comprehensive skill enhancement, Revive presents an accessible way for the transgender individuals to venture into the corporate world of work; ultimately furthering equality and inclusivity.
- In Oct 2019, we launched our first Residential Training & Employment Program sponsored by ANZ Bank. 25 people were provided a whole month of safe shelter and were trained by our exclusive REVIVE trainers.
- This program was a massive success achieving 100% placement through an inclusive job fair where MNCs like - Goldman Sachs, Accenture, Vodafone, Societe Generale, Deutsche Bank, JPM, Landmark Group had participated.

What's Next?

- We estimate to positively Impact 1000+ Transgender Persons by the end of 2021 through REVIVE, by creating meaningful livelihood opportunities.
- Our previous sponsors in these programs include - ANZ, Thought Works, Goldman Sachs, Walmart and NBCFDC. Additionally, we have an NGO partner with FCRA to help with paperwork.
- Over the past few months, PeriFerry has quickly moved most of its interactions and services with the community online, which includes our corporate readiness training program (REVIVE) as well.

Sponsor a REVIVE and help cultivate a talented cohort of transgender employees to add value to your workplace!
